

_Rezzonico

Design Sylcom LAB

— Un alternarsi di forme, colori e arditezze artigianali che celebrano i livelli più alti della lavorazione del vetro e danno vita a un lampadario simbolo di Venezia nel mondo. *Alzatine*, piramidi, fiori, foglie, tazzine, fondini e finali rappresentano piccoli capolavori di artigianalità realizzati dai mastri vetrai per mezzo di pinze forbici e tiranti. La sorgente luminosa è contenuta all'interno di tazze aperte a mano e lavorate nelle *morise* grazie alla tecnica della lavorazione a caldo. La collezione è composta da lampadari di varie dimensioni che, nelle versioni più grandi, sono costituiti da oltre 800 componenti in vetro.

— Diverse contours, colours and artisan creativity underline the ultimate in glass-making skills, making Rezzonico a lighting fixture that symbolizes Venice throughout the world.

Alzatine elements, pyramids, flowers, leaves, cups, bases and end pieces are all true works of art created by master glassmakers using shears, pliers and rods.

The source of light is housed in cups that are and crafted by hand with the *morise* technique. The collection is composed of lighting fixtures coming in a variety of sizes which in the larger versions include over 800 glass components.
