

_Venier

Design Sylcom LAB

— Un disegno rigoroso e deciso caratterizza l'eleganza di questa collezione interamente realizzata in vetro soffiato e caratterizzata da elementi decorativi a ricciolo e da campane sagomate che contengono e orientano la sorgente luminosa. La famiglia comprende lampade a sospensione e plafoniere, il cui ingombro consente l'installazione in ambienti di altezza ridotta. La gamma si completa con una preziosa versione realizzata in oro 24 carati applicato a caldo durante la lavorazione.

— An eye-catching design characterizes the elegance of this collection entirely made of blown glass and distinguished by curled decorative elements and lovely shaped bells that hold and direct the source of light. The Venier range includes hanging and wall versions with sizes that allow them to be installed in rooms with low ceilings. The range also includes a precious version created with 24 carat gold, applied while the glass is hot.
